TITLE: Student Information System using Zoho Creator (SaaS)

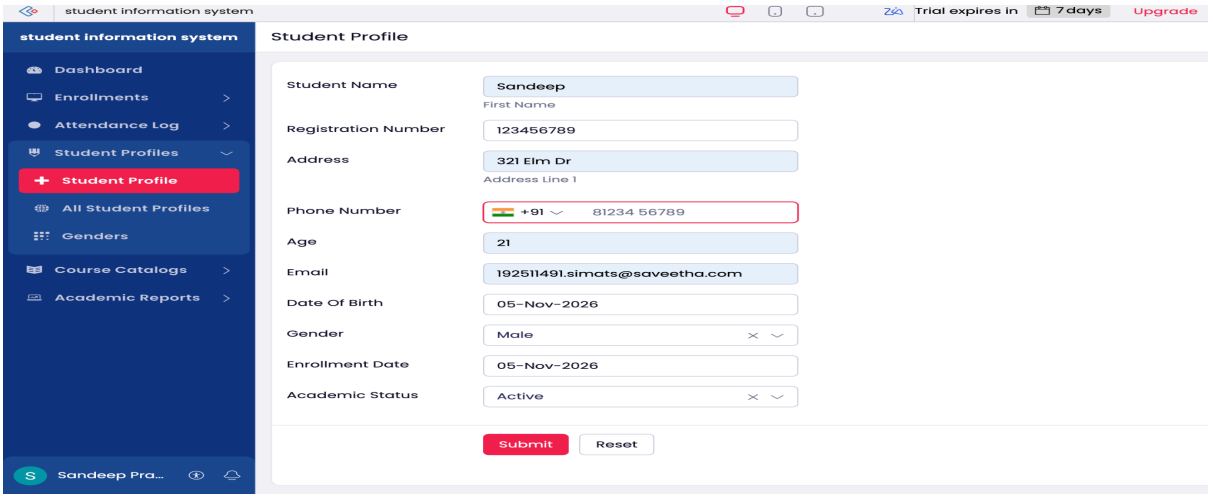

AIM:

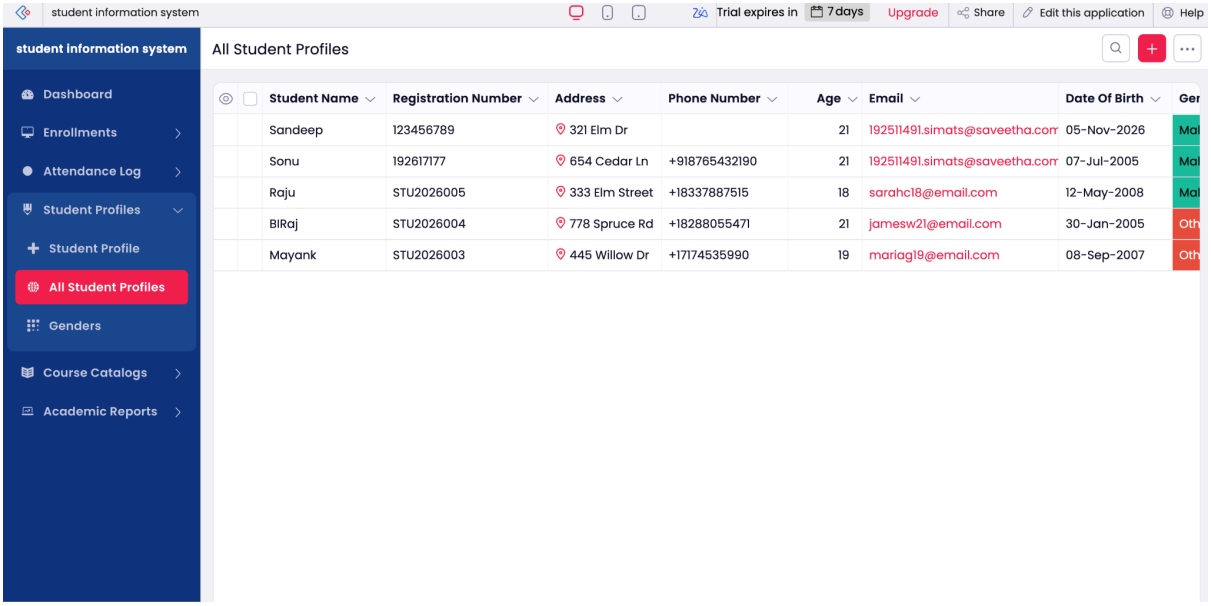

To create a simple cloud-based Student Information System using Zoho Creator to demonstrate Software as a Service (SaaS), including student details, attendance reports, progress reports, and semester mark sheets.

PROCEDURE:

1. Open Zoho Creator and sign up or log in.
2. Create a new application named Student Information Management System.
3. Create a form named Student Information Form.
4. Add the following necessary fields:
    - Student Name
    - Registration Number
    - Address
    - Phone Number
    - Age
    - Department
    - Course Details
    - Grades
    - Attendance Report
    - Attendance Percentage
    - Progress Report
    - Semester Mark Sheet
    - Semester Number
    - Total Marks
    - Percentage
5. Configure the fields with suitable data types and save the form.
6. Test the application by entering sample student information and submitting the form.
7. Publish the application using Zoho Creator's publishing option to access it through the internet.

INPUT:

RESULT:

Thus, a simple cloud-based Student Information System was created using Zoho Creator to demonstrate the concept of Software as a Service (SaaS).
