TITLE: Online Supermarket Management System using Zoho Creator (SaaS)

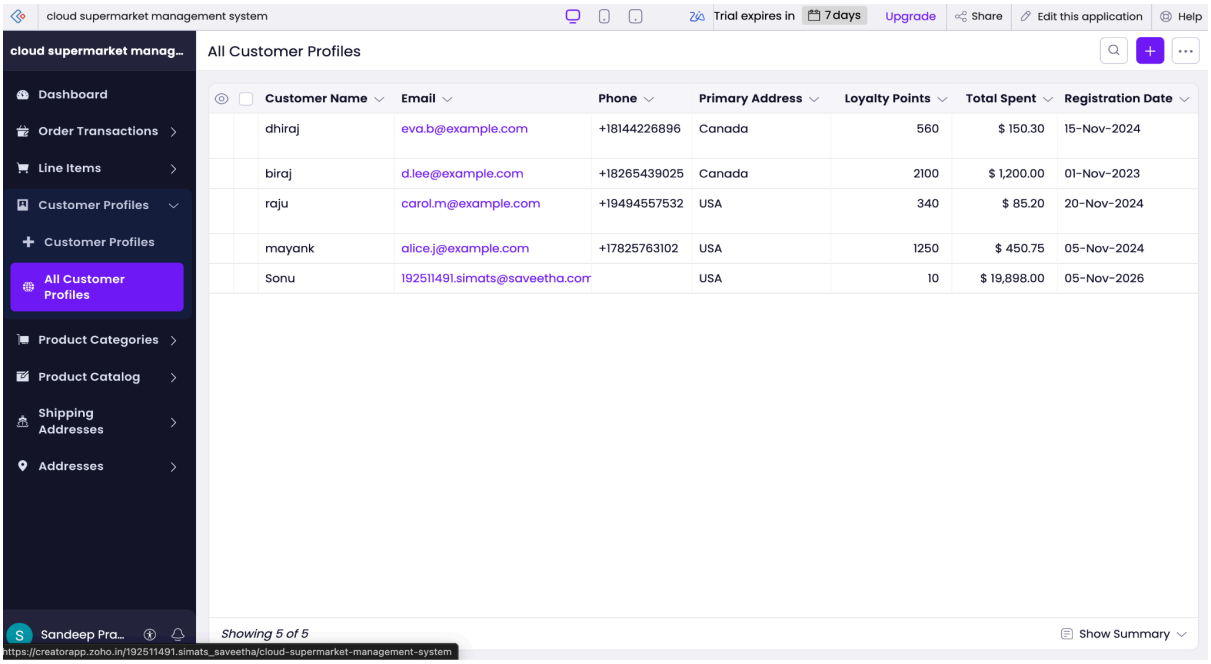

AIM:

To create a simple cloud-based Online Supermarket application using Zoho Creator to demonstrate Software as a Service (SaaS), including customer details, product information, order details, and item classification.

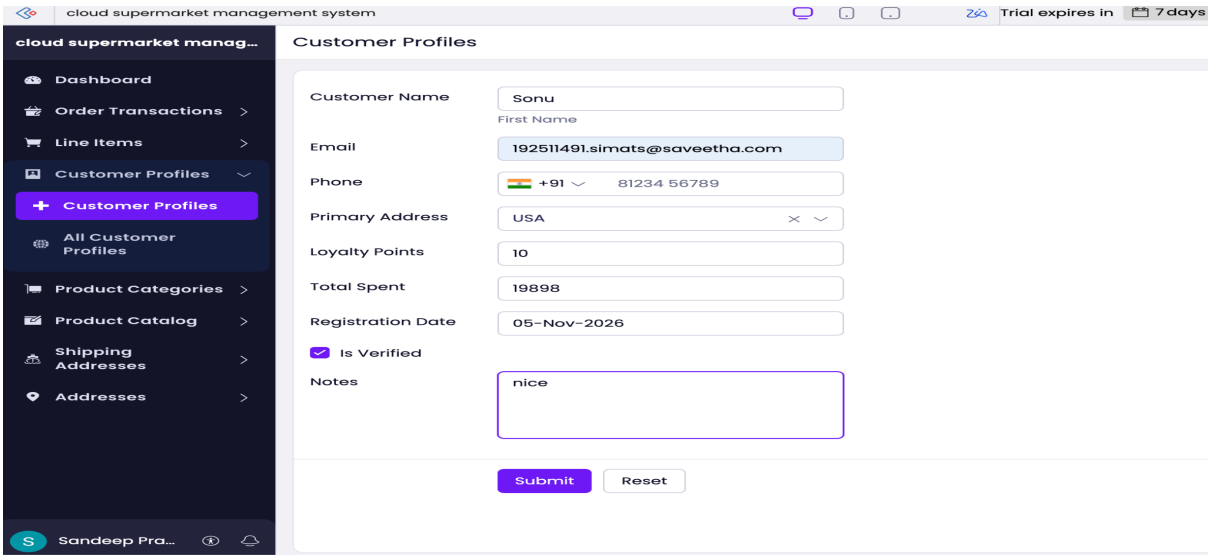

PROCEDURE:

1. Open Zoho Creator and sign up or log in.
2. Create a new application named Online Supermarket Management System.
3. Create a form named Customer Order Form.
4. Add the following necessary fields:
    - Customer Name
    - Customer ID
    - Address
    - Phone Number
    - Email ID
    - Item Name
    - Item Category
    - Quantity
    - Unit Price
    - Total Amount
    - Order Date
    - Payment Mode
    - Order Status
5. Create an Item Classification Form with the following fields:
    - Item ID
    - Item Name
    - Category (Grocery, Fruits, Vegetables, Dairy, Beverages)
    - Brand
    - Price
    - Available Stock
6. Configure the fields with suitable data types and save both forms.
7. Test the application by entering sample customer and item details.
8. Publish the application using Zoho Creator's publishing option to access it through the internet.

INPUT:

OUTPUT:

RESULT:

Thus, a simple cloud-based Online Supermarket Management System was created using Zoho Creator to demonstrate the concept of Software as a Service (SaaS).
